

CND-2 — BRAKE LINE FLOOR DISPLAY

- Seamless nickel-copper alloy tubing virtually rust and corrosion-proof
- Black oxide coated flare nuts for added corrosion protection
- DOT approved for hydraulic and ABS brake systems, fuel, power steering, and transmission cooling line replacement
- Easiest, kink-proof bending and flaring line available — period!
- Perfect flares without special bending or flaring tools
- Considered the superior, longest-life line that withstands the harshest environments

CND-2 BRAKE LINE FLOOR DISPLAY – DOMESTIC/IMPORT/ADAPTER LINES

Requires 27" Width x 18" Depth x 63" Height to store all lines.

SEAMLESS 90-10 COPPER NICKEL ALLOY

- EASY BENDING —
- NEVER RUSTS —
- OE SPECIFIED —

MEETS SPECS

- SAE J1650
- DIN 74234
- BS 2871

BRAKE LINE INSTALLER ASSORTMENTS

- Contains most popular brake line part numbers
- Slots available for additional part numbers
- Organizes lines for quick selection/identification
- Rack mounts easily to wall

CND-22 – DOMESTIC BRAKE LINE WALL RACK ASSORTMENT
