Requires 27" Width x 18" Depth x 63" Height to store all lines.

PAD-2
(PAD-3 + PAD-4 + ADAPTERS)

30 TIMES CORROSION PROTECTION

Poly-Armour®'s PVF (Poly-Vinyl Fluorine) coating is actually baked and cured to the zinc-plated, low-carbon steel underneath. This highly durable plastic coating provides a barrier to debris and road surfacing solutions. This extra layer provides 30x the rust and corrosion protection of standard steel tubing alone.

EZ-BEND - NO KINKING

The advanced construction and PVF coating of Poly-Armour® combine to produce the easiest bending line found on the market. Poly-Armour® can be precisely bent by hand without kinking. This saves time and effort for the do-it-yourselfer and professional installer alike.

POLY-ARMOUR® STEEL LINES

BRAKE LINE INSTALLER ASSORTMENTS

- Contains most popular brake line part numbers
- Slots available for additional part numbers
- Organizes lines for quick selection/identification
- Rack mounts easily to wall

PAD-22 DOMESTIC BRAKE LINE WALL RACK ASSORTMENT

| 3/16" Lines | | | 1/4" Lines | | |
|-------------|--------|-----|------------|--------|-----|
