

All-In-One Pneumatic Flaring Tool

FlareForce® is everything you need to create professional quality flares every time in the convenience of an all-in-one pneumatic tool. Produce flares on-the-fly with no loose parts or vise needed. A quick release allows easy insertion and removal of tubing.

Perfect flares in less than 10 seconds!

- Flare lines right on the vehicle
- Works with 3/16", 1/4", 5/16", and 3/8" lines
- Works with Steel, Aluminum, NiCopp®, & Poly-Armour®
- Create OE style single, double (inverted), or bubble (ISO) flares
- FlareForce® self-centers over tubing providing accurate flares every time
- Simplified trigger controls allow for single-handed operation on pre-installed lines
- Quickly & easily changeover tube sizes
- Lightning fast - flare lines 80% faster
