

## ODPA-1 OIL DRAIN PLUG ASSORTMENT

The ODP A-1 Oil Drain Plug Assortment includes all 13 ACCUFIT® oil drain plugs that **cover up to 93% of all vehicles on the road while reducing inventory by 80%**. Also included in the assortment are 11 of the most popular OE-style gaskets. Pair the ODP A-1

with the ACCUFIT® Oil Drain Plug Application Guidebook (C-1000) or mobile application for quick and easy selection.

*"The kit has worked for every car in which I needed to replace a plug."*

~ ACCUFIT® Customer

## ODPA-2 OIL DRAIN REPAIR PLUG AND REPLACEMENT GASKET ASSORTMENT

The ODP A-2, Oil Drain Repair Plug and Replacement Gasket Assortment, includes 6 ACCUFIT® oil drain repair plugs (21 pieces) and 7 hi-temp replacement gaskets (70 pieces). The red

hi-temp nitrile rubber gasket will ensure maximum sealing protection. Oil drain repair plugs offer a fast and inexpensive solution to stripped oil drain pan threads (oil pan replacement can cost up to \$1,000 or more). Using a universal or oversize design allows a temporary or permanent repair if the threads in the pan are too ruined for a standard OE plug.

## ODPA-3 OIL DRAIN PLUG WALL RACK

Scan to view our **NEW ODP A-3 Oil Drain Plug video today!**

The ODP A-3, Oil Drain Plug Wall Rack, includes all 13 ACCUFIT® oil drain plugs (64 pieces) in a handy wall rack. Save time and simplify the selection! Have the drain plugs readily accessible near the point of install in a sturdy wall rack. Check threads with the built-in gauges mounted right next to the bins and grab the correct replacement part in clearly labeled bins. Replenishment made easy with incorporated UPC's for individual plugs. Mounting hardware included.

*"I did my first oil change on my new vehicle. Installed a new OEM crush washer included in the filter box. I had a slow leak from the drain plug. Torqued the bolt correctly and tried another OEM crush washer with the same result. Did some research and found the ACCUFIT drain plug. I ordered and installed it and the leak is gone. I really like the nitrile rubber gasket, much better seal than the aluminum OEM crush washer."*

Finally, a high-coverage/low part number oil drain plug program. The ACCUFIT® Oil Drain Plug Program reduces the needed inventory of part numbers by 80%, **saving up to 75% on inventory costs** - while still achieving the same vehicle application coverage. This means fewer part numbers to stock and much easier part selection. In addition, ACCUFIT® oil drain plugs have more features and are of a higher quality than any other OEM or aftermarket drain plug available.
